

My Threats

The My Threats page shows threats that belong to the logged in user based on ownership.

The screenshot shows the 'My Threats' page with a navigation bar at the top containing 'Home', 'Entities', 'Vulnerabilities', 'Threats', 'Technologies', 'Content', 'Analytics', and 'Configuration'. Below the navigation bar is a sub-menu with 'My Threats', 'Recent Threats', 'All Threats', 'Threat Intelligence', 'Malware', 'Threat Actors', and 'Vulnerability Reports'. The main content area displays a table of threats with the following data:

Source	Identifier	Title	Threat Type	Status	Owner	Risk	Published Date	Last Updated	Entities At Risk	Targeted Vulnerabilities	Related Incidents	Related Tickets
CrowdStrike	2139	FANCY BEAR	Actor	New	[Redacted]	N/A	2014-11-03	2019-09-17	17	19	0	0
CrowdStrike	2135	VICEROY TIGER	Actor	New	[Redacted]	N/A	2013-05-01	2019-09-17	17	7	0	0

The My Threats page.

The default sorting is by Entity at Risk, then Targeted Vulnerabilities, then Related Incidents, and finally by Risk, in descending order. Each of the columns is sortable in ascending or descending order.
