

Allowing Stakeholders To Add Other Stakeholders

To allow stakeholders to add stakeholders:

1. Open a workflow for editing.
2. Open the stage.
3. Select **Allow Additional Stakeholders to be added**
4. To send an e-mail when a stakeholder is added, select the name of the e-mail template from the Notification drop-down.
5. Click **Save**. New workflow definitions will be created from the revised template.

Workflow instances that are already in progress are not changed unless they are synched.
