

## About Policy Manager

Policy Manager enables the management of enterprise policies on a single centralized platform. Organizations can enforce policy and process standards across different locations, departments, and programs. Policy Manager supports simultaneous policy editing across multiple stakeholders using a rich WYSIWYG user interface. An organization can automate processes for policy authoring, reviewing, and approval. Policy templates help enforce consistent formatting and structure. Policy Manager has a highly configurable workflow enabling an organization to enforce change control and maintain accountability. Policy Manager supports policy awareness campaigns with policy distribution, attestation, and comprehension testing tools.
