Removing an Entity Collection Assessment

You can remove an entity collection assessment within a program, only if you have the Assessment View and Assessment Manage permissions.

To remove an entity collection:

1. In the RiskVision, go to **Assessments** > **Programs**, and select the program to open its details. The **Assessments** tab displays the entity and entity collection assessments.

2. Select the entity collection type assessment and select **Remove**. A confirmation appears asking if you would like to remove the entity collection and its entities.

3. Click **OK**. The entity collection and all of its member assessments are removed.

Managing Entity Collections

More Actions drop-down list. Then select the newly added entities on the **Entities moved into entity collections** dialog, and click **OK** to add those entities to the entity collection assessment.

- Select **Manage entities moved out of entity collections** in the **More Actions** drop-down list. Then select the entities on the **Entities moved out of entity collections** dialog; (Ctrl+click to select multiple entities), and click **OK** to remove those entities from the entity collection assessment.

For information about how a dynamic group and its members function when added to an entity collection, see Using Entity Collections .
