

## Send to Next Stage

Assessment workflows have a 'Send to Next Stage' section with the following options:

Option	Description
Allow incomplete submission	Allow responders to submit the questionnaire, even if all questions have not been answered.
Automatically move assessments to the next stage when all Questionnaires are complete.	<p>If checked, the workflow automatically advances to the next stage only when all questionnaires have been completed and submitted via the Submit link.</p> <p>This option works well when an assessment has only one questionnaire. In the case of multiple questionnaires, the workflow stage must have branching capability.</p>
Automatically submit Questionnaires that are answered by automated controls.	If checked, automatically submits questionnaires that require no further input.
