

Get Started with RiskVision

All logged in users of any RiskVision application are directed to the **Welcome** page, on the **Home** menu. The **Welcome** page contains active tasks and messages which require your attention. The tasks are divided into categories and displayed as sections with links. If you're not a stakeholder on any tasks, you won't see any links in the sections.

By default, each section will show up to five items. By clicking the **Go to...** link below the section, you will be navigated to the respective page of that section, on the **Home** menu, to view the exhaustive list of items.

This is the complete list of pages on the **Home** menu, which appear based on your role and the RiskVision application:

- **Welcome**
- **Message Center**
- **Tickets**
- **Exception Requests**

These pages will help you to view, edit, and update the list of items. The user interface of each page can be customized to fit the needs of your business goal.

We recommend familiarizing yourself with the navigation, tree and grid, actions, user settings, and advanced search. For more information, see [Navigating the RiskVision System](#).
