

My Assessments

The **My Assessments** section in the **Welcome** page provides a glimpse of questionnaires that were recently assigned to you, because the assessment workflow has entered the stage in which you are a stakeholder. Based on the due date of a questionnaire, click the subject to begin answering a questionnaire instantly without requiring you to search for the questionnaire in the Questionnaires page. Clicking the **Go to Assessments** link at the bottom of the section will direct you to the **Questionnaires** page on the **Home** menu, where questionnaires with relevant action options are shown in a grid.
