

Default Organization Content Folders

The following provides an overview of the **Organization Content** folders that can be found in the **Content menu > Controls & Questionnaires**. These folders are available in RiskVision Compliance Manager, Enterprise Risk Manager, Vendor Risk Manager, and Policy Manager. Note that the Category folder is only available in Vendor Risk Manager and Policy Manager. The following table lists the different folders and their purposes.

Check Templates	<p>Default root folder for managing check templates for automated subcontrols.</p> <ul style="list-style-type: none">• The Resolver Content folder provides predefined check templates.• The Organization Content folder is empty by default and provides options for creating custom check templates.
Organizational Documents/Policies	<p>Default root folder for an organization's policy documents.</p>
Organizational Documents/Contracts	<p>Default root folder for an organization's contracts.</p>
Controls	<p>Default root folder for an organization's controls.</p>
Choice Templates	<p>Location of user-defined choice templates.</p>
Questionnaires	<p>Default root folder for managing questionnaires that are not associated with controls. Typically used for gathering information and opinions on risks and vulnerabilities.</p>
By Category	<p>User defined group folders for managing controls and other content.</p>
