# Send to Next Stage

Assessment workflows have a 'Send to Next Stage' section with the following options:

| Option | Description |
|---|---|
| Allow incomplete sub-mission | Allow responders to submit the questionnaire even though all questions have not been answered. |
| Automatically move assessments to the next stage when all Questionnaires are complete | If checked, the workflow automatically advances to the next stage only when all the questionnaires have been completed and the user submits the questionnaire by clicking the 'Submit' link.<br><br>This option works effectively when an assessment has only one questionnaire. In the case of multiple questionnaires, a workflow stage must have the branching capability. |
| Automatically submit Questionnaires that are answered by automated controls | If checked, automatically submits questionnaires that require no further input. |
