

About Welcome Page

Each RiskVision application has a **Welcome** page that can be customized for each individual user and their specific roles. The components of this page change based on the selected application.

When you log in, a summary of items assigned to you, such as questionnaires, tickets, exceptions, and notifications, will be displayed. Clicking on any of these items on the **Welcome** page opens a navigation pane with details specific to your selection.

Users can also configure their **Welcome** page to display a specific dashboard or report, including the [Compliance Dashboard](#). For information on customizing the **Welcome** page, see the [Select a Default Dashboard](#) article.
