

Send to Next Stage

Assessment workflows have a 'Send to Next Stage' section with the following options:

Option	Description
Allow incomplete submission	Allow responders to submit the questionnaire even though all questions have not been answered.
Automatically move assessments to the next stage when all Questionnaires are complete	If checked, the workflow automatically advances to the next stage only when all the questionnaires have been completed and the user submits the questionnaire by clicking the 'Submit' link. This option works effectively when an assessment has only one questionnaire. In the case of multiple questionnaires, a workflow stage must have the branching capability.
Automatically submit Questionnaires that are answered by automated controls	If checked, automatically submits questionnaires that require no further input.
