

About Welcome Page

Each RiskVision application has a Welcome page which can be customized for each individual user and their specific roles.

When you first log in, a summary of items assigned to you that you can view and work on or respond to will be displayed. An example of what might be displayed are questionnaires, tickets, exceptions, and notifications. Clicking on any of these items on the Welcome page brings up a navigation pane and detail specific to your selection.

The Welcome page is displayed and the first application is selected when you first log in. The Welcome page contains a number of useful components that change based on the selected application and the privileges assigned to your user account's role.
