

## SAML Login/Logout

Once you have installed and configured the SAML Web SSO profile, your users should be able to log in and out of RiskVision using SAML.

### To log in to RiskVision:

1. Enter the URL of your company's domain into the web browser of your choice to access the RiskVision login screen.

Depending on your identity provider's environment, your login page may appear different. The example below is a sample login page from an environment that uses the Shibboleth service and identity providers.

## Shibboleth®

### Example Login Page

This login page is an example and should be customized. Refer to the [Shibboleth documentation](#).

<p>The web site described to the right has asked you to log in and you have chosen <a href="#">[redacted]</a> as your home institution.</p> <p>Username: <input type="text"/></p> <p>Password: <input type="password"/></p> <p><input type="button" value="Continue"/></p>	<p><a href="#">[redacted]</a>.agilance.com</p> <p>You have asked to login to <a href="#">[redacted]</a>.agilance.com</p>

2. Enter your username and password into the **Username** and **Password** fields.
3. Click **Continue**.

### To log out of RiskVision

Click **Logout** from the SAML page and close the browser.
